# IELTS

If you are planning to work overseas for better income and more opportunities or study abroad in an English-speaking country, you will most likely have to submit either an IELTS or TOEFL score. Although both of these standardized tests determine your English level by assessing your reading, writing, speaking, and listening skills, the two tests differ in format, scoring, and more. IELTS classes in Mumbai or IELTS courses in Mumbai are the best option to make your dream come true. Our study centers across the city include IELTS classes in Andheri and IELTS classes in Dadar which you join as per your convenience.

IELTS is trusted by more than 11,000 organizations worldwide, so you may take the test knowing that it will be accepted by universities, employers, governments, and professional organizations all across the world.

IELTS, which helped establish the four-skill English language testing format 30 years ago, is still the gold standard for English language exams today. IELTS is used by the governments of Australia, Canada, New Zealand, and the United Kingdom to process immigration requests.

The British Council is the UK's international organization for cultural relations and educational opportunities, building lasting relationships between the UK and other countries. It is an essential part of our international effort to promote British values and interests.

We have certified and skilled trainers specializing in the above-mentioned area to train and guide you through the entire process.

The International English Language Testing System is a standardized test that assesses your English proficiency. The British Council, Cambridge ESOL, and IDP Australia jointly oversee IELTS, which is typically taken by non-native speakers planning to study, migrate, or work abroad. IELTS is divided into four sections: listening, reading, speaking, and writing, and it assesses all of your language skills at once. Before you attempt the exam, make sure you are well-prepared. That's where we at ReSOLT help every student!

As the best IELTS institute in Andheri Mumbai, ReSOLT provides efficient study programs and IELTS exam courses to help you prepare for the exam in the lowest amount of time possible.

# Certification Tests

ReSOLT prepares you for IELTS, TOEFL & PTE language proficiency tests where the world's finest, most experienced, and highly qualified trainers teach you the course and tricks to get thru the exam and score really good marks. Japanese is an East Asian language spoken by approximately 128 million people, the majority of whom live in Japan, where it is the national language. It belongs to the Japonic (or Japanese-Ryukyuan) language family, and its relationship to other languages, such as Korean, is debatable. Japonic languages have been classified as part of other language families such as Ainu, Austroasiatic, and the now-discredited Altaic, but none of these classifications has achieved general recognition. Japanese is a mora-timed agglutinative language with straightforward phonotactics, a pure vowel system, phonemic vowel and consonant length, and lexically important pitch-accent. Word order is usually subject-object-verb, with particles indicating grammatical function, and sentence structure is a

Dear Team ReSOLT,

I take pleasure in sharing with you that team Shubham who had opted to learn the basics of English Communication, under the guidance of tutor Rohan Gomes, has benefitted a lot.

With an overall learning journey of approximately, 4 months, some of the team members have actually shown the primary indicators of transition as we see some positive changes in their grooming, language skills and behaviour as well as written communication.

The process adopted to impart the skills was found to be cohesive to the learning style of the participants. The tutor has ensured that the students do practice the learnings via various modes of self-study / exercises / assignments.

The management of Shubham Pharmachem sincerely appreciates the efforts taken to make this learning experience soothing and seamless.

Overall the collaboration with ReSOLT was positive and professional.

We look forward to the long term association with ReSOLT and will surely look as one of the key training partners for team Shubham.

Thank you and wishing team ReSOLT the very best for their future endeavours.
